The Chairman Shares

Supportive Parents,

Assalamu Alaikum wrwb... Greetings from Team MSKPS !

Education is the basis of all progress. It is for this very reason that we forayed into education, about 38 years ago. The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student. We, just like you, believe in holistic education for your child, encompassing – academics, co-curricular activities, sports education and life-skills learning. Our endeavour is to strike a balance between state-of-the-art infrastructure and an internationally acceptable education. We are confident that this school is the best place for your child. We welcome your active interest and involvement in the progress and activities of your child. We look forward to your continuous support.

Dear All,

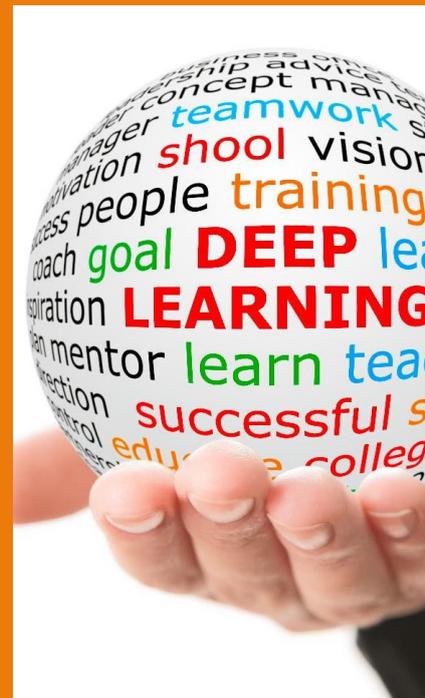

In the name of Almighty, the most beneficent, the most merciful!!!

Wishes from MSKPS fraternity!

First in line, I thank the parents for choosing Mohamed Sathak Kabeer Public School for your child's holistic enrichment. MSKPS came into existence with the vision of creating a safe and supportive environment for its students – to provide a perfect balance of academics, sports, artistic and social opportunities. Childhood, youth and learning should be a joy and we strive for that. The School's genuine concern ensures student's emotional growth along with intellectual excellence. This empowers them to develop their self-esteem, self-awareness and self-confidence. Sharing ideas, analyzing situations and expressing them confidently are essential skills which are honed here, through Experiential Learning. While studying at school, the students will be groomed to become confident, articulate and enlightened young citizens, ready to step into the global society with dignity, honour and integrity.

We believe in giving our students strong values along with a set of wings which will carry them far and wide. In other words, our students are equipped to face the challenges of the rapidly changing world. Today's India is an empowered, enlightened and enterprising nation. We wish to make it even more powerful with conscientious, smart and confident citizens who would make us proud of their multifaceted growth.

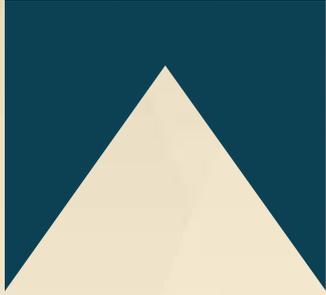

The Principal

*Intelligence plus character is
the true goal of Education.*

- Martin Luther King

OUR VISION

MSK Public School strides with the vision of providing happy, caring and stimulating environment for the children to recognize and achieve their fullest potential and prepare the students to face all the global challenges and to blossom as the best global citizen.

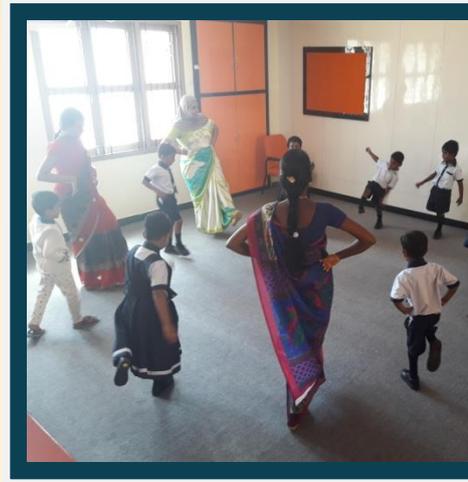

OUR MISSION

Our mission is to provide a dynamic educational environment, by encouraging excellence. All students are challenged to reach their maximum potential by learning at their functional level to provide a solid foundation of skills, knowledge and values. This foundation enables each student to become a well-educated, productive adult who will be able to cope with an ever changing world.

CREATING VALUES through life- learning

You may find MSK Public School different from the other schools in Ramanathapuram. The reason is simple –

We put forth moral and spiritual values while giving the best global education your child can get here. This is where you invest on your child's education and you harvest his/her golden future, invariably your future.

OUR CURRICULUM

CBSE CURRICULUM

A student is truly triumphant only if he is successful in and out of the classroom. A truly educated student thrives in both his professional and personal lives. We offer the CBSE curriculum with excellent methodology that is designed to inspire a generation that constantly seeks variations and challenges. The school follows the syllabus as prescribed by the NCERT.

HAPPY TOTS & IMAX

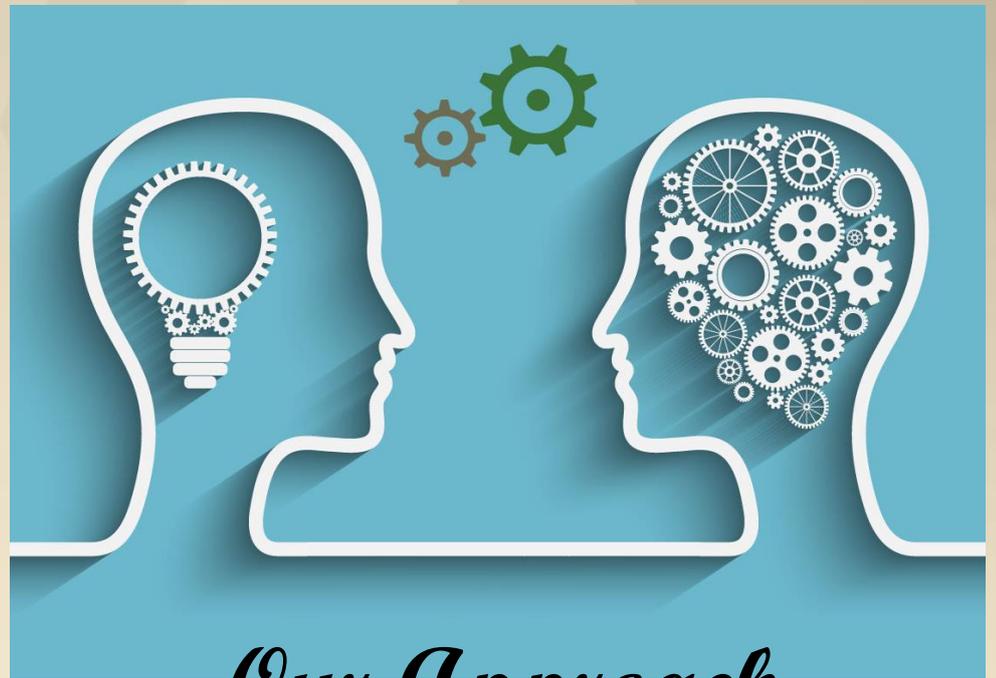

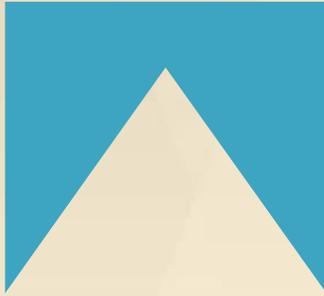

The Happy Tots and IMAX Program meet the requirements of major national boards (CBSE & ICSE), international boards (IB & IGCSE) and various state and matriculation boards. The Happy Tots and IMAX are not an additional Program or syllabus that needs to be implemented beyond class hours. It is a way of teaching that blends with day to day teaching as part of the academic plan of the school. Kindergartners and primary children enjoy their holistic learning through these book partners of ours.

NCERT

For grades VI and above the children will have NCERT books and the syllabus would be as prescribed by the Board.

Let's answer all yo

Our Approach

It is believed that most of the growth in children happens when they are quite young, around the first decade of their lives. Our world class education system is both wholesome and comprehensive, that guides them to find their own preferred niche for the future. We cherish the child inside each of our students and there is no dissention regarding their right to play and learn from their peer group. This helps to light the feelings of self-assurance and independence in their minds, which will shape them into sanguine adults who can face any adversity with assurance.

We believe in:

- ⌘ Allowing children to make mistakes, encouraging self-learning
- ⌘ Learning beyond classrooms and textbooks
- ⌘ Creative, out of the box thinking

the combination of the above is what will create the thoughtful leaders and problem solvers of tomorrow.

Ideal Infrastructure

Mohamed Sathak Kabeer Public School has a classic infrastructure with all the necessary facilities including spacious well lit air conditioned classrooms, comfortable imported furniture, and individual storage space for each student. Each class room is tech-friendly with the facilities of LCD's, PA system, etc.

The school's infrastructure includes:

- ✂ Spacious, bright classrooms
- ✂ Composite Lab
- ✂ Language Lab
- ✂ Math Lab
- ✂ Computer Lab
- ✂ Montessori Lab
- ✂ Library
- ✂ Sick Room
- ✂ AV media facilities
- ✂ A multipurpose hall
- ✂ Outdoor games facilities: playgrounds,
- ✂ Indoor games facilities
- ✂ Kindergarten Play Area

Schooling @ MSKPS

Mohamed Sathak Kabeer Public School (MSKPS) strives at providing an environment conducive for holistic development of children, where children -

- ✧ learn happily without being deprived of the pleasures of childhood,
- ✧ question freely without fear of censure,
- ✧ engage in activities without the pressures of reward and punishment,
- ✧ participate actively in the relevant, age-appropriate and applicative learning process,
- ✧ find ample opportunity for creative expression,
- ✧ live to be world citizens, without prejudices,
- ✧ enjoy simple cooperative living in harmony with nature.

the
ART of Change
skills for life.

Yes I can!

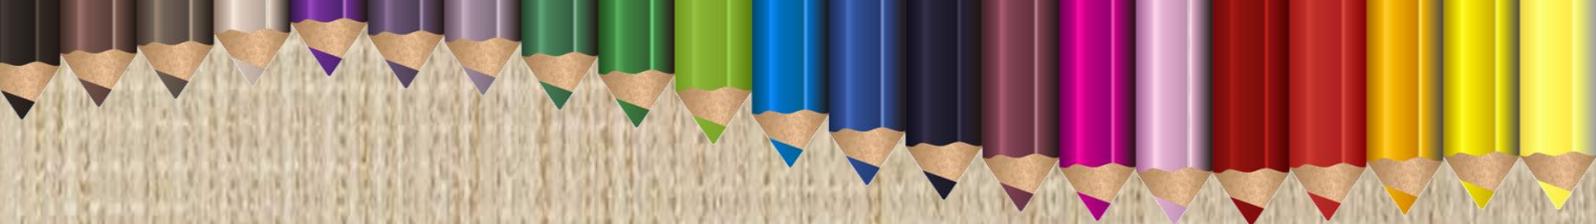

Holistic Education

We rear students who are creatively curious and strive to experiment & invent new things on both academic and non-academic fronts. Our pedagogy is child – centric with emphasis on inquiry and project-based learning. We treasure dynamism and deem that one should be well prepared to adapt to the global scenario and work on his/her learning accordingly. This is perhaps why we have introduced a globally advanced curriculum.

Besides rigorous scholastic programmes, we seek to develop and nurture the different facets of a child. From academic to co curricular, we focus on developing both, the mental and the physical abilities of a student. The activities provide holistic grooming to the student wherein the child is able to explore his/her true potential. Besides the usual procedural teaching, we persistently upgrade and update our teaching tools and techniques. From interactive teaching methods to a healthy teacher student relationship, we work around making studies as effortless as possible.
